- Assist in managing business, financial, and operational reporting and compliance requirements of MIT’s foreign branches, subsidiaries, and operations
- Research, analyze, implement, and maintain projects to further VPF’s financial capacity with respect to supporting the Institute’s global activities
- Help lead the analysis of local business, financial, and operational rules for those countries where MIT has a presence or is considering establishing a presence to both determine potential impact on the Institute, and develop any related compliance mechanisms in support of MIT’s research, collaboration, and investment activities
- Maintain, oversee, and ensure accuracy of information related to all accounting and financial reporting for MIT international entities and collaborations
- Manage MIT’s education and research contracts post-execution to ensure MIT is meeting its financial and operational commitments, protecting and mitigating associated risks to MIT
- Be an experienced advisor on global activity and provide counsel in interpreting accounting and financial data

- Identify and coordinate improvements and automation efficiencies to global operations-related business processes, recommends action steps and, where necessary, leads system integrations, testing, and upgrades for business functionality
- Manage ongoing relationships with external auditors, payroll providers, and business services organizations
- Develop and deliver presentations and trainings to key stakeholders and the MIT community
- Document financial, accounting, and operational guidance, policies, procedures, technical advice, opinions, and memoranda as necessary for the Institute's internal files, external auditors, or other parties
- Lead special and ad-hoc projects reporting to senior management
- Other duties as assigned

QUALIFICATIONS:

Required:

- Bachelor's degree in accounting or related field
- At least seven years of experience in financial operations, including accounting and account reconciliations
- Demonstrated experience with global business operations
- Strong command of U.S. Generally Accepted Accounting Principles (GAAP) and relevant federal regulations
- Ability to quickly learn and master accounting information systems and reporting tools
- Discretion, tact, and good judgment for working with highly sensitive and confidential information
- Strong customer service focus
- Strong leadership, analytic, problem solving, and organizational skills, with a high attention to detail
- Ability to manage multiple challenging projects simultaneously in a fast-paced setting with nonnegotiable deadlines
- Self motivation and ability to actively and independently manage issues, processes, and projects from start to completion
- Ability to work across teams in a highly collaborative environment to build consensus and anticipate outcomes in order to drive processes forward
- Flexibility and willingness to pitch in with the team to get the job done on all tasks, and to modify approach as required by the situation
- Strong consultative, written, and verbal communication skills
- Excellent Excel, Word and PowerPoint skills

Preferred:

- Master's degree or Master of Business Administration (MBA) in a related field and/or Certified Public Accountant (CPA) preferred
- Knowledge of International Financial Reporting Standards (IFRS) accounting principles and relevant international regulations
- Experience in higher education or non-profit accounting, especially for organizations with overseas portfolios or subsidiaries
- SAP and Brio Query experience
- Familiarity with MIT financial, administrative, and operational policies and procedures
