

Summer Session Application - Affiliations

Overview

An affiliation in the summer session application is used to provide access to a user, not in the Academic department, for a particular employee. Financial staff in Labs, Centers & Institutes (LCIs) can be included in the summer session appointment process in the application to eliminate the need for communications via email, Slack, etc., to get an appointment created.

For example, faculty in Mechanical Engineering (MechE) has research funding managed by Materials Processing Center (MPC). The request for summer session dates and funding is submitted by the faculty to this center and not MechE.

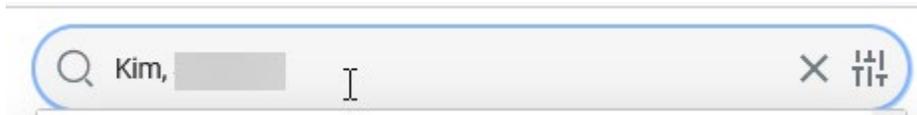

An affiliation on this faculty member will allow users in MPC to create the summer session in the application as requested.

- Reach out to the Academic department to ask that an affiliation be added to the employee; this is at the academic department's discretion and the person must hold the `summ_sess_approve` role to manage affiliations
- A user in a LCI does not need access to all of Mechanical Engineering so they won't see all employees
- A user in a LCI should hold the `summ_sess_edit` role for their department, not MechE
- A user in a LCI cannot approve the summer session entered and can only submit; department approver (`summ_sess_approve`) still needs to review the details and approve since the employee falls under MechE
- Multiple affiliations allow users in multiple departments to maintain summer appointments directly
- An affiliation can also be given to another academic department and is not limited to LCIs

Summer Session Application - Affiliations

How to manage affiliations

1. Search for employee

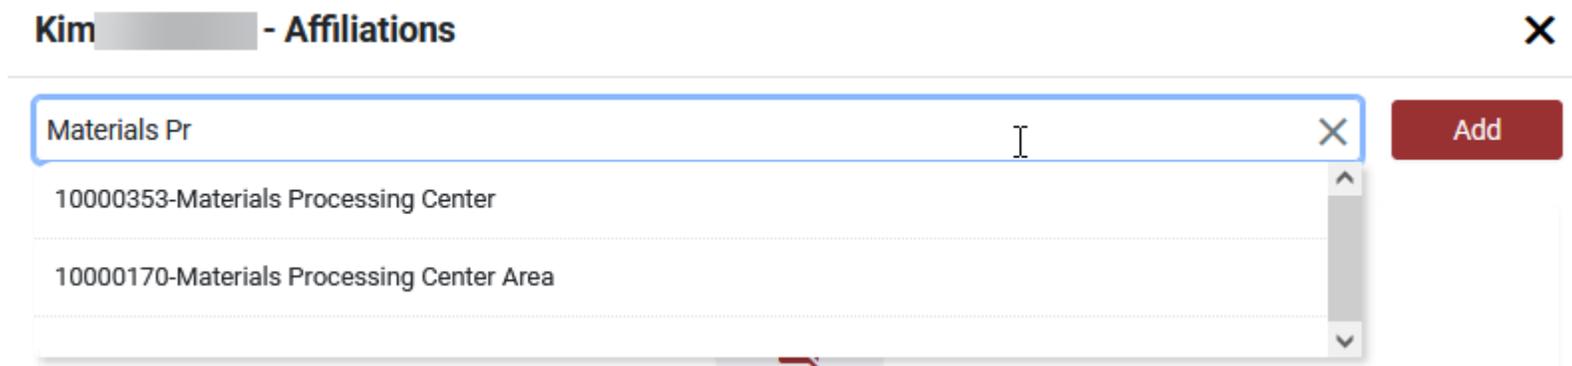

A search bar with a magnifying glass icon on the left, the text "Kim, [redacted]", a cursor, a close button (X), and a list icon (three vertical bars with arrows) on the right.

2. Under the Actions column, select Affiliations

A grey header bar labeled "Actions" containing two buttons: "Distribution" (dark red) and "Affiliations [0]" (grey).

3. Search by name or number for the affiliated Lab, Center, or Institute

A modal window titled "Kim [redacted] - Affiliations" with a close button (X) in the top right. It features a search input field containing "Materials Pr" with a cursor and a close button (X). Below the input is a list of search results: "10000353-Materials Processing Center" and "10000170-Materials Processing Center Area". A vertical scrollbar is on the right of the list. To the right of the search input is a dark red "Add" button.

Summer Session Application - Affiliations

Kim [redacted] - Affiliations

00353| I ✕ Add

- 10003533-LFO SAP and Tech Support
- 10000353-Materials Processing Center

4. Select from drop down list and then select Add

10000353-Materials Processing Center ✕ Add

5. The affiliation is added; affiliations can also be deleted using the icon under Actions

Search Academic Department 🔍 Add

SI No	Department key	Department Name	Last Updated	Actions
1	10000353	Materials Processing Center	[redacted] John J, 05/31/2024 9:50:25 AM	

6. Close the affiliations window once finished; the Affiliations tab under Actions now indicates 1 affiliation
